Aftercare Program Enrollment:

Please select your child's language program:

- ★ English Program: _____
- ★ Mandarin Program: _____

Odyssey Montessori Aftercare Program:

Odyssey Preschool offers an enriching aftercare program for children in TK and Kindergarten. This program provides an opportunity for children to extend their learning beyond what is typically taught in public schools, reinforcing their educational journey in a nurturing environment. Alumni students can continue their education in a familiar setting, surrounded by faces they know and feel comfortable with, ensuring a smooth and supportive learning experience.

Children will continue their afternoon in the preschool classrooms, utilizing a full range of Montessori materials. Our Montessori-trained educators facilitate learning in a small-group setting, ensuring personalized attention and support.

We are excited to offer weekly enrichment programs on-site, featuring Kidokinetics. Additionally, this summer, we will be introducing Wonderstage at Odyssey Preschool—a unique, immersive experience that promotes language fluency through theatre, storytelling, art, and music. The program will be conducted primarily in Mandarin, with some elements in English.

Program Hours:

Our aftercare program is available until 5:30 PM.

Tuition

\$1,000
